MAGA EXTRAVAGANZA *Sale* MAKE ABERDEENS GREAT AGAIN! SATURDAY, MAY 4, 2024

1 PM CDT • DAVIESS COUNTY LIVESTOCK MARKET • GALLATIN, MO

WE'RE NOT JUST RAISING SHOW CATTLE, WE'RE RAISING THE NEXT GENERATION

MAKE ABERDEENS GREAT AGAIN!

How do you do that? One word... JUNIORS!

This herd and their genetics have been the most dominant force in the Junior Shows in this breed for the last several years. Four out of five of the last Junior National Champion Fullblood heifers were raised here! These show heifers produce show heifers.

This MAGA catalog cover is all Junior Show Champion Heifers. All of them have daughters or siblings selling in this sale. This is the most exciting line up of Aberdeen cattle of this magnitude in one sale.

Brad and Julie set out on this "Junior Heifer Project" quest over 20 years ago. Among all the other breeds, little did they know how their love for the fullblood Aberdeens would grow.

Several of the show heifers selling are halter broke and ready to go to the Junior National this June in Boone, Iowa. Registration papers will be transferred to the new owners as of the date of the sale.

Not only do these cattle have a great track record in competitions all across the United States, they also make great cows and bulls for commercial and registered beef production.

The Moderator cattle selling have a foundation that has anchored some of the great breeding herds in America, even outside our breed. Names like Ohlde Cattle Company, Duff Cattle Company, Coleman Angus in Montana and GKB Herefords in Texas have a lot of the same foundation genetics. These cattle are popular and productive.

Don't miss the opportunity to build your herd by adding some of these great genetics to your breeding program on May 4. If you have any questions about the cattle or transportation, please call me.
